

SEASON'S GREETINGS

Together with
Danish Red Cross
I support refugee
families with
winter aid.

This winter, countless families are struggling to cope with the freezing cold while on the run. Children are the most vulnerable and risk getting frostbite and infections that could cost them their lives. Many refugees only have the clothes they were wearing when they left their homes. Red Cross distributes winter aid and supports families during the cold winter in some of the world's most vulnerable areas. We distribute warm blankets, mattresses, warm clothes, and heaters to keep the families warm in the biting cold.
